EDUCATION

Georgia State University
B.S. in Computer Science
Hope Scholarship Recipient & Dean's List

Atlanta, GA
May 2019

SKILLS

- **Programming Languages:** Java, HTML/CSS, JavaScript, SQL
- **Utilities:** Git, Bootstrap, Visual Studio Code, IntelliJ, Android Studio
- Relevant Courses: Software Engineering, Database, Algorithms, Data Structures, System Programming, Machine Learning

TECHNICAL PROJECTS

Ellio Android Mobile Application

August 2017 – February 2018

- Developed an infinite runner game employing Java multi-threading to execute the game programming patterns that processes user input, update and render assets.
- Designed using Android Studio development environment utilizing XML layout files to assign GUI elements and launched the game to Google Play.
- Reduced runtime instability through implementing framerate-independent movement by scaling the velocity of the objects with time spent per frame.

LoneBall Game Program

June 2017 – August 2017

- Built a mock game of Pong using the Java Swing framework combining JFrame and JPanel to provide the graphical user interface for the program.
- Implemented object-oriented programming concepts to create different game states through inheritance using an abstract class.
- Written in Java with IntelliJ.

Personal CV/Resume Web Page (jen-ho.github.io)

September 2016 – November 2016

- Designed and launched a responsive web page that undertakes the role of a curriculum vitae/resume.
- Enhanced UI appeal by integrating various web toolkit and library such as FontAwesome, Google Fonts, and Typed.js.
- Programmed in HTML and CSS utilizing the Bootstrap library.

EXPERIENCE

Georgia State University
Student Technology Support Specialist

Atlanta, GA
October 2017 – To Present

- Provide technical support for hardware and software applications and configure and troubleshoot a wide range of student devices for use on campus wireless network.
- Facilitate daily operation of IIT computer and media labs.

ACTIVITIES

- Treasurer, Vietnamese Student Association (VSA) at Georgia State University, 2015 – 2016
- Member & Volunteer, HackGSU at Georgia State University, 2016 – 2018
- Vice President, Technology Student Association (TSA) at Stone Mountain HS, 2013-2014
